

### **Sree Balakrishnan**

Sree is a Partner in Omnia AI, Deloitte Canada's AI practice, with a passion for data-driven digital transformations. He brings data, finance, and insurance sector knowledge to help clients achieve business outcomes. Sree leads the Compliance and Data Management Solutions team and is a leader in insurance data, revenue recognition, accounting hub, and regulatory & financial reporting solutions, including IFRS 15, IFRS 17 and ESG. He has extensive experience helping clients unlock greater insights, realize more accurate & real-time management reports, reduce period close cycle times, and achieve their financial reporting objectives. As a techno-functional leader, Sree engages with business & technology leaders and takes an end-to-end holistic approach to deliver programs. Sree has also led large data and finance transformation programs in the Telco sector and provides advisory & QA services to help manage delivery risks on complex data-intensive programs globally.
