Summary of experience

Liam supports RSM Canada's financial institutions audits. He has over twenty years of focused experience with financial institutions including insurance, lenders and asset managers. He supports RSM's consulting practice through his involvement in financial services company internal audits.

Liam has experience designing, implementing, executing controls and evidencing sufficient control evidence to pass both internal and external audits. His work has included authoring corporate policies and standards that lay out frameworks for risk, governance and reporting processes.

Liam volunteers at the Insurance Bureau of Canada IFRS and OSFI working groups.
